

Capability Statement

www.cervello.net

Cervello Technologies' mission is to exceed our customers' expectations by delivering quality results-oriented STEM-based disciplines and Subject Matter expertise on time and within scope and budget. We are High Performance and Mission Driven. Cervello was formed by an Army veteran who possesses decades of experience in global operations C2, military intelligence, joint interoperability material and non-material testing, modeling & simulation, experimentation, application development, and cyber security. We believe our #1 asset is our people. They are, in a word, exceptional. Our Program, Acquisition, and Logistics Support Specialists, Talent Managers, Project Managers, Scientists, C5I Analysts & Engineers, & Operational Subject Matter Experts have a passion for their respective practice and each of our professionals possess the extensive education, expertise and certifications necessary to help our customers succeed. Our Capabilities Centers target (1) Process Improvement and Integration; (2) Test & Evaluation, Modeling & Simulation, Research & Development; (3) Human Capital Management; and (4) Mission Command and Future Force Modernization.
